

B2B Terms

To trade a car with DB Trading, the following terms apply:

Who we are

DB Trading ApS, CVR-nr. 37589403, Kronprinsessegade 26B, 1.tv, 1306 København K, Denmark.

Questions: sales@db-trading.dk

General terms

Delivery

All cars are delivered within approximately **15 working days** after confirmation from the supplier. The timeline is indicative, and a delay does not entitle you to cancel the purchase or to compensation. If delivery is delayed, we provide a weekly written update on the expected delivery.

Car documents

Car documents such as COC (Certificate of Conformity) and registration certificate will be handled by DB Trading. The documents will be sent by post. However, the COC can be left in the car. Shipping is by courier and is paid with EUR 29 + VAT.

Transport

The cars are delivered to the buyer's address. Unless otherwise agreed, transport costs will be included in the purchase price.

Claims & damages

If defects or faults occur beyond what was originally described (and beyond the agreed deductible), they must be reported to DB Trading no later than **48 hours** after receipt.

- **How to report:** Submit your claim through our claim form: <https://claims.db-trading.dk/request/> with clear pictures, a detailed description and a repair cost estimate. Claims sent in other ways do not count as reported.
- **Inspection and the CMR:** Any visible damages or deviations must be noted on the CMR upon delivery. By accepting delivery without noting issues on the CMR, you are officially accepting the vehicle in the state described on the document.
- **Minor wear and tear:** Scratches that can be polished out and stone chips that can be repaired with touch-up paint are considered minor issues and are not subject to reimbursement.

Deductible

In addition to the described faults and defects, there will be a deductible per car of **€500 or DKK 3,750**. These amounts are excluding VAT.

Batteries

For used electric vehicles, battery degradation that matches the vehicle's age and mileage is normal and not a defect. Any stated battery health (SoH) or range is indicative and based on the readout available at the time of listing.

Cancellation

It is **not possible to cancel** a purchase once an agreement has been made.

Payment

Vehicles must be paid for at the time of order. After acceptance of the purchase, an invoice is issued and is due immediately.

If payment is late

We charge interest and reminder fees in accordance with the Danish Interest Act (renteloven). We may also hold back vehicle documents (COC and registration papers) and pause further deliveries until payment is received.

Ownership and risk

The vehicle remains the property of DB Trading until it is paid in full. Risk passes to you when the vehicle is delivered and the CMR is signed.

Our liability

Our liability is always limited to the invoice value of the vehicle. We are not liable for indirect losses such as lost profit, loss of use or downtime.

Delays beyond our control

We are not responsible for delays or failures caused by circumstances outside our control, such as supplier delays, transport disruptions or strikes. We will always keep you updated.

Buyers outside Denmark

Sales without Danish VAT to a business in another EU country require a valid EU VAT number (we verify it in VIES) and documentation that the vehicle has left Denmark. For buyers outside the EU, the export out of the EU must be documented. If the VAT number proves invalid or the export cannot be documented, Danish VAT will be invoiced afterwards.

Law and disputes

These terms are governed by Danish law. Any dispute is settled by the Danish courts, with the City Court of Copenhagen (Københavns Byret) as the first instance.
